

Leveraging Technology to build a Comprehensive Infrastructure to Support the Implementation of Evidence-Based Practices in Health Care Systems

Minian, N., Dragonetti, R., Zawertailo, L., Noormohamed, A., Lingam, M., Selby, P.

NDS Partnership Across Ontario

NDS Impact

- ~283,000** patients treated.
- ~5,000** health care providers trained in smoking cessation.
- 13** courses to help build inter-professional capacity in treatment.
- 3** real-time online CDSS to support practitioners with providing holistic TX.
